# Christ Church Liverpool

A £5.5m goal to make 145 Edge Lane a permanent home for worship, training and serving Liverpool and beyond.

Liverpool needs more spaces for people to hear the gospel and grow in faith. Since 2003, Christ Church Liverpool has grown to a family of 250, planted or helped revitalise six churches, and sent workers across the world, all without a building of its own. Edge Lane changes what is possible.

## WHY IT MATTERS

### Infrastructure for multiplication

- › **A strategic site**  
On a main route into the city, alongside the university, hospital and research district.
- › **A church with room to grow**  
A 400-seat worship hall will allow the whole church to meet on one site.
- › **A seven-day gospel hub**  
Space for courses, youth work, community meals, training and prayer.
- › **A training and sending base**  
A home for raising up gospel workers for the region and the nations.
